A person motivated and ready for further training and specialization in the field of interest with the aim of acquiring knowledge and competence. Also ready for teamwork and fun.

● WORK EXPERIENCE

13/11/2023 – 08/01/2024 Zagreb, Croatia

JUNIOR SYSTEM ADMINISTRATOR COMBIS D.O.O.

- Maintenance of computer systems
- Monitoring of system performance using different tools
- Verification of system logs for errors or unusual activity
- Troubleshooting of hardware and software
- Managing users in Active Directory
- Automation and scripting

Business or Sector Administrative and support service activities

● PROJECTS

15/02/2024 – 10/06/2024

The Weather App

"The Weather App" is a personal small project as well as an application for the final thesis of undergraduate studies at Velika Gorica University that serves to display the current weather forecast using application programming interface (API) technologies and Bootstrap 5 framework for creating the application user interface using HTML.

Technologies used in project:

- HTML5
- CSS3
- JavaScript

- GSAP (GreenSock Animation Platform)
- Weather API
